NOTICE/16.11.2012

As part of our ongoing efforts to enhance the academic environment and promote digital literacy among our students, we are implementing a new policy regarding the exclusive use of computers for academic purposes at BNMV. Effective immediately, I would like to inform you that all departmental computers should be dedicated solely to academic activities. Additionally, we are pleased to announce that we will be providing prospective students with access to the computers within the departments. By doing so, we aim to promote ICT (Information and Communication Technology) enablement among these individuals, enabling them to explore digital resources in preparation for their studies. We believe that this policy will contribute significantly to the advancement of our academic goals, fostering a technology-driven learning environment and preparing our students for the demands of digital age.
