Sir,

Sub: Advance for organising workshop by Canopy.

With due respect I would like to state that  
our Institutes green Club, Canopy, is going  
to organise an awareness workshop on the 23<sup>rd</sup>  
of September 2019. For this I request you  
to sanction an amount of Rs. 15,000/- (Rupees  
Fifteen thousand only) from our Contingency  
fund as advance.

Thanking you in advance,

yours sincerely  
Pratik Dutta  
(STAFF FACILITATOR, CANOPY)

  
Principal  
Bejoy Narayan Mahavidyalaya

Sir,

Sub: Requisition for metal fencing the water body and the small patch of wilderness within our campus.

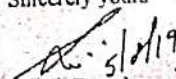

It a humble request from the Canopy members to construct a metal fencing around the water body and the patch of wilderness within our campus, which we are looking after for some times now, to preserve the essence of true wilderness and rich biodiversity existing both in the water ecosystem and jungle / land ecosystem.

This fencing on the long run will not only keep this place undisturbed for the species thriving there but will definitely grow up as a home for newer species. In this connection we want to mention that a group of lesser whistling teal, night heron, and water hen have found this place a safe aboard for them and their chicks.

This effort will also serve our institute's continuous effort towards conservation and preservation of the wealth of Mother Nature.

On behalf of all canopians with hope and anticipation,

Sincerely yours

  
(Pinak Dutta)

To,

The Principal,

Bejoy Narayan Mahavidyalaya,

Itachuna, Hooghly.

Respected Sir,

Sub: Financial assistance

You are well aware from the meeting of our group way back in the month of July '18 that our group needs a financial assistance of ₹ 1.5 lakhs for the session 2018-19 to maintain the plantation done on the side of the Khanyan station road and for doing some more new plantations, to renovate our butterfly park, organizing seminars, carrying out nature walks and visiting some national park with the students. Some more awareness programmes are also in the pipeline.

For successful implementation of such works it is a humble reminder from us to sanction at least half of the demand as first instalment.

Thanking you in anticipation,

Sincerely yours,

  
(Dr. PINAK DUTTA)

Respected Sir,

Sub: Regarding room allotment.

As per your suggestion on the 24<sup>th</sup> of November 2018, our team has visited the top floor of our main building and has come to a conclusion in their meeting held on 28/11/2018 that it is better to erect a tent with solar illumination rather than going for a permanent construction and conventional electricity supply.

Please let us know what you feel about our proposal.

Thanking you in anticipation,

Sincerely yours,

Respected Sir,

Sub: Requesting permission for strategic cleaning of the water body behind the main building.

Recently our team has noticed that on the approaching winter some migratory birds, though very few, has been a regular visitor to the water body just behind the main building.

We think that partial cleaning of the water body will definitely attract more such birds here for nesting and roosting purpose during winter. This can be a little step towards our mission of clean and green society.

I request you to permit and engage some of our staffs along with us for the cleaning purpose on an emergency basis.

Thanking you in anticipation,

Sincerely yours,

- 6.

It is resolved that Dr. Malay Ghosh, Assoc. Prof. of Botany & Dr. Kausik Ghosh, Assoc. Prof. of Zoology will lead our Cenopy team. They will visit "Singalila Nature Park" a bio diversity hot spot with a contingent of students. They will take up to Sandalaphu.

In case of any physical problem faced by any participant, the team leaders are given free hand to take any conclusive decision for the benefit of the patient.

The team leaders are also asked to brief the guardians of the student participants about the possible risk & hazards of such trip.

The date of this nature trail will be from 05/04/2019

To be reviewed,  
Pl. do the  
needful. 02/08/19

Sir,

Sub: Recommendation to purchase a grass cutter machine.

After the monsoon season our entire campus is covered with various unwanted foliage which can become shelter to various poisonous reptiles/insects. To keep these overgrowth of bushes <sup>under control,</sup> I request you to buy a bush-cutter machine for our institute.

I hope you will consider the matter and do the needful.  
Thanking you,

Yours sincerely,  
Pratik Dutta.
