## Certificate Course on Spoken Sanskrit

1st May, 2022 to 16th May 2022 (every day)

### Expected Course outcomes

A certificate for completing a course on Spoken Sanskrit from Bejoy Narayan Mahavidyalaya will prove invaluable in several ways.

- 1) In this certificate course, one will learn the fundamentals of the Sanskrit language, which are essential to understanding and speaking Sanskrit. Although Sanskrit is an ancient language, it is also widely used in daily communication, and many communities in India and around the world speak it.
- 2) In today's world, learning a second language can enhance a person's career opportunities. Not only does Sanskrit serve as an ancient and sacred language, but one can gain valuable knowledge and a global perspective by studying this language.
- 3) The online course will teach one the basics of the Sanskrit alphabet, how to read and write the language, and how to create simple sentences. Learning a new language is like tackling a challenging adventure, and it is vital to get plenty of practice. A Sanskrit alphabet is quite different from an English alphabet, so it usually takes a great deal of practice to become fluent, and this course can be a very important step in that direction.
